POINT 3. Details on Competitions / Obligations of players

I. Taking part to Competitions is subject to acceptance (reading and signing) of the "JIF Code of Conduct", which determines the participation of each player within the framework of the Fair-Play spirit of Jorkyball.

Jorkyball is an Amateur Sport - even at the highest levels - and respect for opponents, referees, spectators, organizers is the fundamental point, without which a player cannot enter the International Jorkyball Community.

Respect inside and outside the playing field, with particular reference to online Social Networks.

Once the player has returned the "JIF Code of Conduct" (signed by the player and to be sent to JIF up to July 31st), JIF will give a green light or a red light for participation.

II. For the health of all players, the participation to the Competitions is subject to the presentation of a valid **Medical Certificate**, as well as the presentation of a valid **Electrocardiogram** (both performed from November 12th, 2022 on), for the practice of an *amateur sport* - with the name and signature of the Doctor, **to be sent to JIF up to July 31st**

III. For reasons of health and sports organization, each team must be formed by at least 3 players. Anyway, it is granted, although strongly discouraged, the possibility for each athlete participating in the JIF World Competitions to compete **in a maximum of 1 team made up of only 2 athletes**.

Please note that this rule is designed to ensure the health of athletes. Participation in 2 or 3 tournaments in just 4 days, experienced with great physical and emotional intensity, is to be considered very different from the tournaments that are normally carried out in one's own Club. A correct rotation among the athletes making up the Team is therefore **ESSENTIAL**, to allow everyone to have fun and at the same time limit tiredness.

In no case can the same athlete participate in 2 teams made up of only 2 athletes.

The Local Organizing Committee, in agreement with the Jorkyball International Federation, will try to make available to athletes (men and women) to form teams composed of at least 3 athletes.

Furthermore, when a team made up of 2 athletes will be unable to play due to injury of one of the athletes, out of respect for the opposing team (which pays to participate in the Event and wishes to play the scheduled races) the Organizing Committee and JIF will try to replace the athlete injured with an athlete from Sosnowiec of the same sports level, giving JIF a green light for this purpose

IV. Each player can participate in a maximum of 3 tournaments

V. While respecting the maximum limit of 3 competitions per person, all players can participate in *JIF United We Stand* tournaments - Men or Women (each team formed by 3 players, through a draw lot which mixes sporting level and nationality)

VI. For each Competition, 2 matches are granted (*excepted WWCC/WOT: 3 matches are granted*)

VII. Men's Tournaments: the *JIF Open Trophy* tournament is reserved for beginners and those who have never participated in JIF International Competitions * (*except if necessary for JIF's Schedule*)

VIII. To participate in the Competitions, it is mandatory to register for the *3bble World Ranking Challenge*, the World Ranking of all Jorkyball players in the World:

- an online space on the JIF website and Facebook
